## BIOGRAPHY

Norbert Vohn was born in Aachen, Germany. He studied at the "Musikhochschule" ( School of Music) in Cologne with Prof. Malte Burba . At the same time he travelled to Berlin to improve his orchestral parts with Arno Lange from the orchestra "Deutsche Oper Berlin".

As he was dedicated to play jazz from the very beginning, he kept on playing jazz in work-shops with well known jazz musician. At the same time he was studying classical trumpet.

He enlarged his versatility by studying baroque trumpet with Prof. Friedemann Immer in Cologne.

Norbert Vohn is to be heard with different trumpets including the baroque trumpet as a soloist or orchestral trumpet player in symphony orchestras, chamber music and big bands.

Numerous guest performances led him to Russia, Scandinavia, America and to nearly all European countries. The variation in his work is marked by great knowledge of style.

Between the engagements Norbert Vohn still finds time to transmit his skill as a trumpet player to interested students and musicians.
